

fun with NUMBERS

TRUE OR FALSE

$$111,111,111 \times 111,111,111 \approx 123,45,678,987,654,321$$

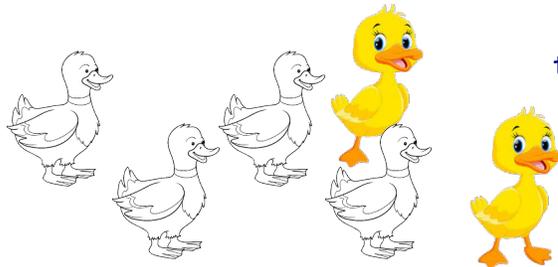

two ducks walk in front of two ducks ...

two ducks walk behind two ducks ...

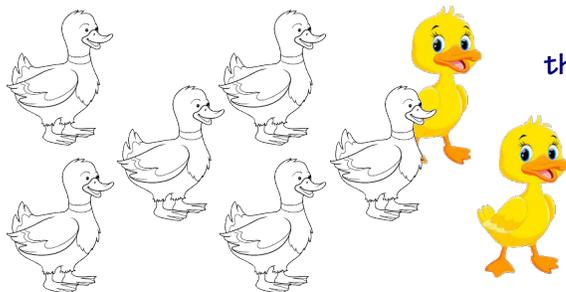

how many ducks, in total, are walking ?

if you thought "6 ducks" ...
that would be two ducks in front of four ducks ...
and four ducks behind two ducks.

NOT CORRECT

if you thought "8 ducks" ...
that would be two ducks in front of six ducks ...
and six ducks behind two ducks.

NOT CORRECT

true
